15. [] LIAISON Received a call from Tom Susman, Chief Counsel, Senate Judiciary Subcommittee on Administrative Practice & Procedure, and he acknowledged the postponement of the hearing scheduled before the Health Subcommittee, Committee on Labor and Public Welfare, on 9 October. He pressed, however, that the Agency provide the Subcommittees all of the [] case documents that were given to the family. I told him that the Agency could not provide the material without the approval of the family and that they still had the Subcommittees' request under advisement. He asked if we would be providing the 1963 Inspector General's report on drugs. I told him no since the report was internal. He said if he did not hear from us on the [] papers by tomorrow morning, they would prepare a strong letter to the Agency and would take whatever other action is necessary.
